

STATEMENT OF SUBSTANCE OF INTERVIEW

The undersigned would like to thank the Examiner for the kind courtesy of the Interview of August 24, 2010. Applicant generally concurs with the Examiner's summary of the interview as presented in the Interview Summary. As discussed during the Interview, Applicant has amended claim 8 to make clear that the gas is delivered to the mixing chamber and incorporated into a cooled chocolate mix having a temperature of about 29°C to 31°C. In addition, the claim has also been amended to make clear that the micro gas bubbles having an average diameter of less than 25 microns are formed in the mixing chamber. Applicant respectfully submits that the presently claimed invention is not disclosed or suggested by the prior art.
